

Cents Make Sense

for Cystic Fibrosis Research

Even something small can make a big impact.

The government no longer wants your pennies, but we do!

Clean out your couch cushions, empty your junk drawer and free up your change purse – we're collecting the unwanted copper coins and putting them to good use.

Donate your pennies and help us find a cure for Cystic Fibrosis. We'll roll them and give you a tax receipt for any donation over \$20.
